PACKAGING SAMPLE

Our flatpack products are carefully packaged to ensure the highest level of safety during transportation and assembly.

The wooden surfaces are wrapped in stretch film to prevent damage and protect against external factors.

Additionally, our products are reinforced with **hexagonal corrugated cardboard** on all sides, providing extra durability and protection against potential damage caused by impacts.

This special type of cardboard, with its **honeycomb structure**, offers enhanced strength and high protection. This ensures that your products are delivered securely and without any damage.
